About me

A graduate of SMK TI Bali Global Denpasar majoring in Software Engineering, experienced with technology, skilled in capturing engaging photos and videos, proficient in content editing, and adaptable to social media trends. With a perfectionist nature that supports producing above-average results, I am a creative, responsible, and flexible individual, capable of working independently or as part of a team, and always open to feedback and new learning opportunities to continue growing in the creative industry.

Education

2022 - 2025 | SMK TI Bali Global Denpasar | Rekayasa Perangkat Lunak

During my studies in Software Engineering, I gained a strong foundation in programming and explored various programming languages. This experience enabled me to understand the principles of software development and web technologies.

Experience

CRUD Application | SMK TI Bali Global Denpasar | 2023 - 2025

- Built a pharmacy management system with PHP and MySQL, including CRUD features and authentication.
- Developed a SKKPD management system as part of the graduation project, integrating front-end and back-end logic.

Front-End & Back-end Developer Intern | PT. Taksu Tech | 17 January 2024 – 10 May 2024

- Developed a CV website using Next.js, Tailwind CSS, and Strapi, deployed via Vercel.
- Integrated REST APIs and optimized back-end processes for client projects.
- Cleaned and restored WordPress websites compromised by malware.
